Pharmaceutical & Healthcare Division

Comprehensive range of pharmaceutical products including medicines, tablets, capsules, and healthcare supplements meeting international quality standards for global distributors, hospital procurement networks, and pharmacy chains.

1. Core Pharmaceutical Export Line

FINISHED FORMULATIONS • GMP CERTIFIED

Premium Export Medicines

GMP Certified formulations, film-coated tablets, and hard/soft gelatin capsules engineered for high bioavailability, stability across climatic zones, and verified therapeutic efficacy.

NUTRACEUTICALS • ALU-ALU & BLISTER PACKS

Healthcare Supplements

Export-grade vitamins, multimineral complexes, and dietary supplements manufactured to stringent global quality standards in moisture-barrier blister and bottle formats.

Product Category	Dosage & Packaging Forms	Quality & Export Compliance	Supply Mode
Premium Export Medicines	Tablets, Hard/Soft Capsules, HDPE Bottles, Blister Strips	GMP Certified Formulations, High Bioavailability	Bulk Export & Institutional Supply
Healthcare Supplements	Alu-PVC / Alu-Alu Blister Packs, Effervescent & Softgels	Stringent Global Nutraceutical Quality Standards	Private Label & Wholesaler Packs
Export Documentation	COA, Stability Data, Packing List, Commercial Invoice	International Customs & Port Clearance Ready	Air Cargo & Sea Container (FCL/LCL)

2. Surgical Products & Medical Supplies Division

Precision surgical instruments, medical devices, disposable surgical supplies, and healthcare equipment engineered for operating theatres, outpatient clinics, and institutional healthcare procurement.

AUTOCLAVABLE • SURGICAL-GRADE STEEL

Precision Surgical Instruments

Premium surgical-grade stainless steel instruments for hospitals and clinics—including forceps, needle holders, scissors, and retractors with satin anti-glare finish.

SINGLE-USE • EO STERILIZED

Disposable Surgical Supplies

Pre-sterilized disposable options and latex-free materials engineered for maximum patient safety, infection control, and sterile clinical workflows.

Surgical Line	Material & Sterilization Standard	Clinical Applications
Precision Surgical Instruments	Surgical-Grade Stainless Steel, Autoclavable, Anti-Glare Finish	General Surgery, Orthopedics, OB/GYN & Outpatient Clinics
Disposable Surgical Supplies	EO Sterilized, Latex-Free Medical Polymers & Non-Wovens	Single-Use Procedure Packs, Syringes, Blades, Dressings & Drapes
